~Smartron tphone enables Jio Welcome Offer thus, providing users with free unlimited HD voice, high-speed data and access to a host of Jio premium apps till 31st Dec, 2016 ~

New Delhi, 12 October, 2016: Smartron, India’s first global IoT brand announced its association with Reliance Jio. With this association, Smartron tphone users can now avail the Jio welcome offer. This will allow the users to get access to unlimited HD voice, video calling, unlimited SMS, unlimited high speed data services and an access to Jio apps. Smartron tphone users will be able to use these services till 31st Dec 2016 for free.

Speaking on this, **Mahesh Lingareddy, Co-founder & Chairman of Smartron India Pvt Ltd, said**, “As a brand which is designed and engineered in India, we are focused on innovating and revolutionizing the technology and IoT space in the country. tphone is one such product which just marks the beginning of this journey for us. With rise of 4G revolution in our country, the Jio welcome offer will ensure that our consumers experience the best of 4G VoLTE services on tphone”.

The stylish ultra-thin dual sim tphone comes with an incredible bold dual tone scheme and is the lightest phone in its category. It has 64 GB inbuilt memory with an expandable SD card slot and all Smartron users gets the exclusive privilege of unlimited cloud storage on tcloud. The superior noise cancellation technology backed by inbuilt 4 mic array on tphone ensures your voice conversation is loud and clear at all times.

The 5.5 inch tphone also comes with a Gorillas Glass 3 with Apical Assertive Display technology for exceptional outdoor visibility. Additionally, the Quick Charge 2.0 ensures the phone charges in no time. Hence, enabling users to download and stream unlimited number of movies, TV shows and songs across multiple languages using the Jio sim.

Smartron tphone users will also get access to Jio applications such as; MyJio, JioCinema, JioMusic, JioTV, JioCloud, and JioMags.

With digital revolution at its peak, the Jio welcome offer will allow tphone users to experience unprecedented 4G VoLTE connection.
